

VELUX®

VELUX Sun Tunnel® Skylights

Bring daylight to every room in your home

Bright, natural light.

Why Sun Tunnel® skylights?

Brighten your home while continuously redesigning the look and feel of it every minute of the day with natural light. Sunlight is a powerful tool that revitalizes living spaces, boosts our mood, and improves our health and well-being. With all the benefits and reasons to live in daylight, why not add more natural light to your home with Sun Tunnel skylights?

Why VELUX?

Every room deserves natural light—even those in the center of your home. VELUX Sun Tunnel skylights' highly reflective tubes deliver uninhibited daylight from your roof to the spaces below. Their innovative design allows them to fit between ceiling supports and be installed in an afternoon at a fraction of the cost of traditional skylights.

Ambient Light

Daylight enters through a highly reflective tube, transmitting pure, natural light below.

Versatility

Sun Tunnel skylights can be placed anywhere, letting you customize your home's perfect lighting.

Privacy

Your Sun Tunnel looks up, protecting your home's privacy down below.

Quick Installation

Sun Tunnel is the fastest skylight to be installed and the least invasive.

Unique Design

Add the finishing touches by pairing your Sun Tunnel with the perfect diffuser.

Meet your Sun Tunnel.®

Transform your home in an afternoon

Bring daylight to every corner of your home while increasing your energy efficiency with the VELUX Sun Tunnel skylight.

- 1 Clear UV Resistant Dome**
Captures the most light possible with a clear dome.
- 2 Pitch Adaptor**
Pivots the tube towards the sun and allows for easier installation.
- 3 Metal Flashing**
Provides maximum light capturing while guaranteeing no water penetration.
- 4 Reflective Tube**
Highly reflective inner surface offers 99% light transfer.
- 5 Adjustable Elbow (Rigid Tubes)**
Guides rigid Sun Tunnel around obstructions to bring daylight to the perfect spot.
- 6 Ceiling Ring**
Diffuses light into the space using an energy-efficient frosted dual diffuser system. Diffuser options can be customized to meet décor and style.

Sun Tunnel® is built to withstand extreme conditions.

Wildfire glass

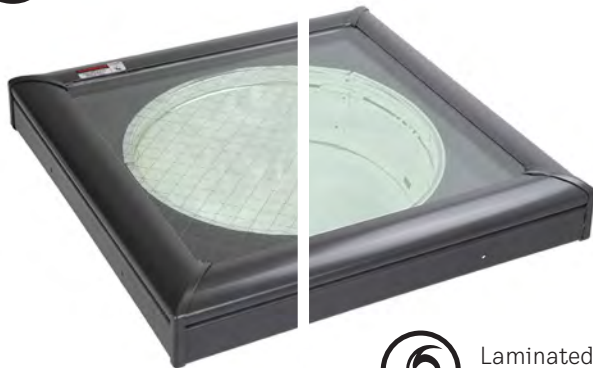

The VELUX Sun Tunnel skylight with Wildfire Glass is a one-of-a-kind skylight that meets California's strict building codes and national Wildland-Urban Interface areas. With its unique diamond wire flat glass application, this Sun Tunnel passes Class A Burn Brand testing and brings natural light to any room in your home.

Hurricane resistant glass

The VELUX Sun Tunnel skylight with Laminated Hurricane Resistant Glass is designed and built to hold strong against high winds and airborne debris. It has Florida Product Approval #6393.1 and HVHZ certification for a secure, efficient way to brighten any room with natural light.

Resistant Glass

Glass options are available for shingle or tile roofs in pan-flashed model TZRQ and curb-mount models TZR/TZRL. See page 10

Free light. Day or night.

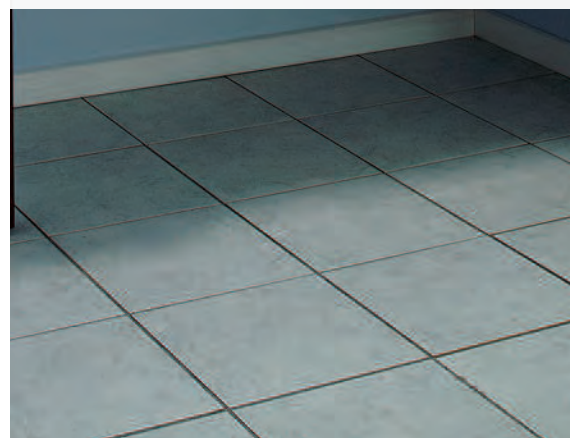

VELUX Sun Tunnel® Solar Night Light

When the sun goes down, let a moon-like glow light your way. Designed to fit inside your VELUX Sun Tunnel skylight, the VELUX Solar Night Light provides your space with a soft, soothing light from above when natural light isn't available.

Stay in the light

Have the light you need at night with the soft glow from the Solar Night Light.

Energy Efficiency

The VELUX Solar Night Light operates on solar-charged batteries and LED bulbs to provide light without electricity.

Discreet Illumination

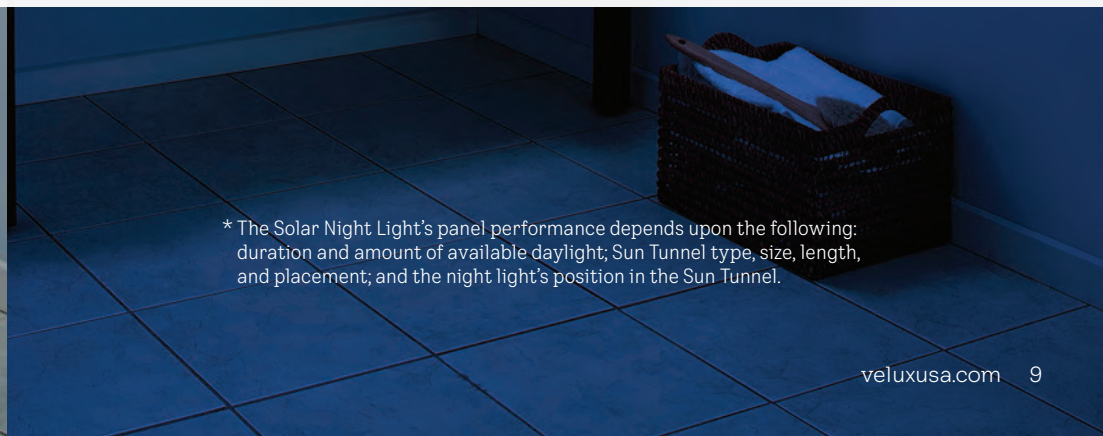

Fits inside your rigid Sun Tunnel for a discreet appearance.

Solar Panel

The night light's solar panel collects available sunlight, even on cloudy days, to power its rechargeable batteries.*

Cost Efficient

Enjoy eco-friendly illumination while cutting down on your energy expenses by relying more on natural light instead of electricity.

* The Solar Night Light's panel performance depends upon the following: duration and amount of available daylight; Sun Tunnel type, size, length, and placement; and the night light's position in the Sun Tunnel.

VELUX Sun Tunnel® skylights.

The perfect Sun Tunnel for you

VELUX provides a wide range of tubular skylight accessories so you can customize your Sun Tunnel to be precisely what you need.

Flashing Options

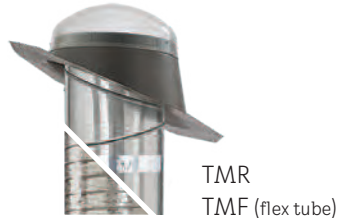

VELUX offers multiple flashing options to keep your Sun Tunnel leak-free while providing as much light as possible.

Low-Profile Metal

Available in 10", 14", 22" (select models)

- Best for south, west, and east-facing
- Parallel design to blend with roofline

Pitched Metal

Available in 10", 14" (select models)

- Consistent light distribution throughout the day
- Provides straighter tube run through most roof pitches

Curb Metal

Available in 14"

- One-piece metal, curb-mounted flashing
- Ideal for low roof slopes and tile roofs

Low-Profile Flat Glass

Available in 14"

- Low-profile glass design for a sleek appearance
- Perfect where local ordinances prohibit acrylic domes on roofs

Pan-Flashed Glass

Available in 14"

- For shingle roofs
- Designed with fireproof, tempered diamond wire glass
- Also available with hurricane resistant glass

Curb-Mount Glass

Available in 14"

- For tile or shingle roofs
- Designed with fireproof, tempered diamond wire glass
- Also available with hurricane resistant glass

Diffusers & Accessories

Finish the look of your space by adding a decorative diffuser to your VELUX Sun Tunnel skylight. VELUX offers a selection of diffusers that softly disperse incoming light while complementing the design of your room.

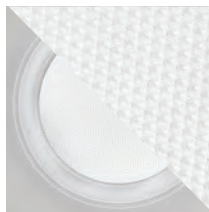

Micro Fresnel

Triple Wave

Brushed Metal

Prismatic

Bubbles

Neutral Light

Electric Light Kit (ZTL)

Energy-efficient electric light with a GU24 base designed for residential Sun Tunnel. Easy installation and compatible with energy-efficient CFL and LED bulbs. GU24 bulb sold separately.

Diffusion Enhancer (ZTZ 209)

A highly reflective, obscure 6" band designed to diffuse direct sunlight.

Daylight Controller (ZTP) Power Supply (ZZZ 233)

Control the amount of daylight that enters a room. Perfect for rooms that require darkening.

Energy Kit (ZTC)

An upper prismatic tube cap and clear lower tube cap to increase the energy efficiency of your daylighting system. Provides multiple layers of protection and enhances the quality of light diffusion.

Other Accessories

Solar Night Light (see page 8), additional rigid tube sections and elbows, suspension wire kit, exterior fire band, vapor barrier, and flashing kits are also available.

Transforming spaces since 1941. For over 80 years, VELUX has helped people envision and achieve the transformation of spaces using daylight and fresh air through the roof. Our product program includes skylights, Sun Tunnel® skylights, decorative shades and roof windows, as well as installation and smart home solutions. By creating brighter, healthier, more sustainable places to live, work, learn, and play we enable a better everyday life for people around the world. We work globally with sales and manufacturing operations in more than 40 countries and around 11,500 employees worldwide. The VELUX Group is owned by VKR Holding A/S, a limited company wholly owned by non-profit, charitable foundations (THE VELUX FOUNDATIONS) and family.
